

CAMP LONGHORN

Camp Longhorn is thankful for your trust and partnership with us to provide a safe, healthy, and happy camp experience every summer. This summer looks a bit different than the past 80 years. We are implementing procedures for screening and need your help.

This completed form is required for check-in at all Camp Longhorn locations and should be completed prior to your child's arrival at camp.

Camper's Full Name _____

Date of Birth _____ Inks Springs C3 Term _____

Prior to your camper's arrival, please complete one of the self-monitoring options below:

1

14 DAY SELF-MONITORING

Immediately before your child's arrival at Camp Longhorn, we ask that campers complete 14 days of self-monitoring to reduce their risk of exposure to COVID 19. By self-monitoring, we mean limiting exposure to non-family members, avoiding large crowds or gatherings, and limiting unnecessary travel.

OR

2

COVID-19 NUCLEIC ACID PCR TEST

If campers do not self-monitor for 14 days before camp, they will need to get a COVID-19 Nucleic Acid PCR Test and self-monitor from the time of testing to the arrival at camp. Proof of a negative test must be provided upon arrival at camp.

My child has completed a 14-Days of Self-Monitoring (Option 1)

My child has completed a COVID-19 Nucleic Acid PCR Test and is Negative (Option 2)

SYMPTOMS IN THE LAST TWO WEEKS – check any that apply to your camper

____ Fever (above 100.0)

____ Change in taste, smell or appetite

____ Cough

____ Headache

____ Shortness of Breath

____ Diarrhea

____ Chills or repeated shaking with chills

____ Muscle pain or body aches

____ Sore throat

My child has been symptom free for the past 14 days.

Turn page over, please

PRE-EXISTING ILLNESSES – check any that apply to your camper

____ Cardiovascular disease

____ Diabetes

____ Respiratory disease including asthma

____ Immunocompromised State

Individuals with pre-existing conditions such as cardiovascular disease, respiratory disease including asthma, diabetes, and immunocompromised state are at an increased risk of severe illness if COVID-19 is contracted. I understand that my child's pre-existing illness increases the implied risk of COVID-19.

I understand the implied risk of pre-existing illnesses.

CONTACT HISTORY -check any that apply to your camper

____ The individual has been diagnosed with COVID-19 within the past 4 months

____ The individual has been in close contact with someone exposed to or infected with COVID-19 in the last 14 days.

____ The individual has a household member currently on a watch list for COVID-19 exposure.

I verify that I have answered these questions truthfully.

The health and safety of our campers has always been our #1 priority. It is important that you understand our efforts to manage your camper's health and safety during this COVID-19 pandemic so that you can make an informed choice. We are taking reasonable measures to prevent the spread of COVID-19 at our camps. We have strengthened our standard cleaning procedures, while adding extra measures of frequency for common touch points, Chow Hall, and activity equipment. Our camper and counselor screening, daily temperature checks, and protocols to isolate, test, confirm, and/or remove any camper or staff with suspected COVID-19.

This situation may continue to change daily, and as such, we will adapt and adjust our protocols and procedures accordingly to keep our campers, staff and families safe.

We suggest that your child not be in direct contact with anyone 65 or older or who has other pre-existing health conditions for 14 days after the end of the camp session.

Ultimately, the choice for your child to attend Camp Longhorn summer camps is a personal one. If you are uncomfortable with the risks of COVID-19 in a camp setting, you may opt out with a full refund or move your child to Summer 2021.

Please see refund policy on <https://www.camplonghorn.com/ParentInfo/TuitionAndFees>

I consent to the above disclosure for summer 2020.
